

# BARGAINING UPDATE

## WHITEHORN VILLAGE LOCAL 048 CHAPTER 051 – ALL STAFF

# Whitehorn Retirement: time to prepare for a new round of bargaining!

Your negotiating team is getting ready for our upcoming round of bargaining with Whitehorn Village.

We have created a bargaining survey to better understand your concerns and priorities. We need your opinion to fight for what matters and ensure our bargaining strategy reflects our collective voice.

Your negotiating team members will share the survey starting Monday, May 6, 2024. Please complete the survey on your non work time.

The last round of negotiations was tough. This round, we will focus on constructive dialogue with our employer to reach a fair deal at the table.

We also have an active complaint with the labour board. This complaint is about the \$2.00 top-up for Health Care Aides. We believed that we had settled on the \$2.00 top up this February, but Whitehorn Village does not agree. We will keep you updated on the status of our complaint.

Thank you for your dedication and hard work. Please reach out to your negotiating team if you have questions or suggestions.
