Candidate for Calgary City Council Ward 6

1. As I have shared throughout my campaign, I support the hardworking folks who keep the city running. I do not have plans to support P3s. As a leader driven by evidence, I have concerns about the long term impact of P3s.

3. Yes.
4. While council has worked to reduce the tax burden through the pandemic, our tax structure and expenditures in Calgary need a thorough review to ensure sustainability and affordability for Calgary residents and businesses.

I believe that we need to work with other orders of government in Edmonton and Ottawa to ensure Calgarians are getting a better deal and fair value for the money we contribute.

5. We need to get as many people as we can vaccinated. This means meeting people where they are at and doing more outreach to address people's legitimate concerns. I am supportive of vaccine passports with a limited scope until we reach a satisfactory level of vaccination, or the pandemic subsides.
6. Yes.
