## **Get Active! Join An AUPE Standing Committee!**

All of the current Standing Committees, listed below, will have served their two-year term by the end of Convention 2023. That means new appointments will need to be made before the end of the year. If you are an AUPE activist and have an interest participating in any of the Committees' subject matter you can apply to serve on the Committee for the next two years. Selections will be made by the executive committee once all applications have been received.

Learn more about each committee on the AUPE website ([aupe.org/about/committees](http://aupe.org/about/committees)).

If you've been looking for a way to contribute, to shape and share the messages of AUPE with others, this is your opportunity.
