

BARGAINING UPDATE

CAREWEST GENERAL SUPPORT SERVICES LOCAL 048 – ALL STAFF

Bargaining Begins

Your negotiating team met with Carewest on Sept. 11 to begin bargaining. We shared our proposals and had several conversations with our employer. Carewest did not have their monetary proposals ready – such as their wage proposals – but will share them when we next meet.

Thank you to everyone who completed our bargaining survey. We are proud to advocate for the issues that matter to you.

Our next bargaining meetings are not yet scheduled, but we will let you know when they are. Please join us and wear red at the worksite to show your support for bargaining!

You should also [create a MyAUPE account](#) on the union’s website. Creating an account ensures AUPE has your contact information so you never miss an important update.

Please contact a member of your negotiating team if you have any questions.
